About our Speakers:

Dr Benjamin Thomas

Dr Thomas earned his medical degree from the Medical University of South Carolina and completed an ophthalmology residency at Bascom Palmer Eye Institute. Following residency training, Dr. Thomas completed an international ophthalmology fellowship at John A. Moran Eye Center, at the University of Utah and a vitreoretinal surgery fellowship and associated retinal consultants at William Beaumont Hospital.

Dr Diana Shechtman

Dr Shechtman is a professor of optometry at Nova Southeastern University College of Optometry, where she serves as an attending optometric physician at the eye institute. Her area of interest has centered on retinal disease. She has participated in various research projects, authored numerous posters and publications. She is also a member of the editorial board for a number of journals. She has lectured on a local, national & international level on areas in retinal disease.

Dr Robert Easton

Dr. Easton received his B.S. in Chemistry from the University of Central Florida and his Doctorate of Optometry (O.D.) from the University of Houston College of Optometry. In addition, Dr. Easton did his internship at the Bascom Palmer Eye Institute in Miami. Dr. Easton has been actively serving his profession and his community since he started his professional practice in 1986.

Dr Susan Frick

Dr Frick received her undergraduate degree from the University of Tampa and graduated from Nova Southeastern University. She has been involved in clinical research with contacts lens for both Alcon and Bausch and Lomb. She has also been the director of co-management continuing education events for Optometrist and Ophthalmologist.
