

# MOSH

---

Jacksonville's Museum of Science & History makes science, history, and innovation accessible for all! Whatever your age or interest, there's always something to see and explore across three levels of exciting exhibits. From interactive, award-winning favorites like Currents of Time and Atlantic Tails to the Florida Naturalist's Center, which houses animals that are native to Northeast Florida, there is something for all ages to discover. Indulge your imagination with a science or live animal show, or explore distant galaxies in one of our planetarium programs. When visiting Northeast Florida's only science and history museum, there is no limit to what you can discover!

Lunch and Dinner (provided) on the MOSH Rooftop (weather permitting)

See the retina on the planetarium ceiling!

---

MOSH is located on the Southbank of Jacksonville's beautiful St. Johns River next to Friendship Fountain Park.

1025 Museum Circle  
Jacksonville, FL 32207

## **FREE PARKING**

There are two options for free parking adjacent to the Museum. Parking is available on a first come first served basis in the Museum's lot, located next to the Main Street Bridge, and a limited number of MOSH designated spots are also available in the lot near River City Brewing Company.

## **PAID PARKING**

Paid parking is available in the non-MOSH designated spots in the lot near River City Brewing Company. Visitors can also park in the Kings Avenue Parking Garage and take the Skyway to the San Marco stop. For details, days, and hours of operation, visit JTA's website.
